large quantity of Valuable Jewelry, originally intended for the Euglish market, has been sent off for sale in this country, AND MUST BE SOLD AT ANY SACRIFICE! Under these circumstances, ARRANDALE & CO, acting as agents for the principal European manufacturers, have resolved upon a great Gifl Apportionment to be divided according to the following regulations: Certificates of the various articles are put into envelopes indiscriminately, seald up, and when ordered, are taken out without regard to choice, and sent by mail, thus showing no favoritism .-On the receipt of the certificate, you will see what you are to have, and then it is at your option to

The Lafayette (Ind.) Daily Courier, March 18, 1866, says: "A better selected, more varied or fashionable assertment of jewelry cannot be found on the continent than Arrandale & Co. are new offering. Messrs. Arrandale & Co. occupy a high position in commercial circles as men entirely above the common trickery of trade. Their statements may be implicitly relied upon, both as to the character of their goods and the manner of disposal. Ladies especially, in all parts of the country, are realizing handsome profits as agents, and if any of our fair readers desire to interest themselves in the enterprise, they may do so with perfect confidence.

GREAT GIFT DISTRIBUTION .- A rare opportunity is offered for obtaining watches, chains, dis-mond rings, silvetware, etc., by Messrs. Arran-dale & Co., at No. 167 Broadway. They have an immense stock of articles, varying in value, an immense stock of articles, varying in value, 200 Diamond Rings, and all are offered at one dollar each. The distribution is very fairly done-you agree to take | 3 000 Gold Vest and Neck Chains, a certificate of a certain article, enclosed in an 3 000 Gold Oval Bank Bracelets, a certificate of a certain article, enclosed in an envelope, and are not required to pay your dollar unless you are satisfied with the article, which will certainly be worth more than that amount, and may be \$50 or \$100. THOMPSON'S IMPROVED TRUES, for sale by GEORGE TUTTLE M. D., Factory Point

Tun peculiar taint or infection which we call Schortta lurks in the constitutions of nultitudes of men. It either produces or is produced by an encebled, vitisted state of the blood, wherein that fluid becomes inmpetent to sustain vigorous action, and

fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits. the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomsch and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections.

These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have ecrofulous disease.

Ayer's Sarsaparilla is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in ATER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the ital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers

which lurk within the system or burst out on any part of it.
We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more ef-fectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Con-sumption, and for the relief of Consumptive patients in advanced stages

of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it be relied on to do all it has ever done.
